# ANNUAL REPORT 1973

Southmoor Country Club

A Message from the President

The 1973 E.G.L. golf year will, without a doubt, stand out as one of the most unusual years in the long history of the E.G.L.

It was a year of turmoil and instability, however, it was also a year dotted with many successes that will prove to be hard to surpass.

During this year; total membership grew to ninety-one members, five major gaming parties were put on, golf welcomed an average of forty-eight members per night, and who will ever forget the first outing ever held outside of the State of Michigan?

This forty-second edition year book attempts to capture some of the excitement of this fantastic year.

Respectfully,

*A. A. Laski*
