YOU ARE THE GREATEST!!

INTRODUCTION

The Efficiency Golf League has now been in existence for 48 years!! This longevity gives the EGL a special stature; a stature continually supported by an active and enthusiastic membership throughout the years. It is essential for the younger membership to note the ever-present theme of the EGL as initiated in 1931:

FELLOWSHIP ... CONGENIALITY ... PURE ENJOYMENT

The purpose of this historical collection is to alert the junior members to the tradition behind them, give thanks to the senior members who have made it all possible, and remind us all of the Fellowship in the EGL.

EGL Members: this very special edition is for you.

ENJOY!

PREFACE

This History of the EGL is a condensation of a great mass of pictures, annuals, and scattered fond memories. Once compiled, we see the picture of the League as a living entity:

1930's - The seed was sown among a small group of friends. Golf, horseshoes, and fishing fostered the friendship.

1940's - Activity expanded into a full League. Membership grew. Gatherings became more frequent. The seed blossomed.

1950's - The League literally burst with new growth. With the advent of a zealous new membership, major events were planned year-round. It was a social club as well as a golf league. The year-books reflected the good cheer, and the treasury was swollen with revenue.

1960's - This was a period of the status quo. The social activity slackened slightly, but the League remained in high gear.

1970's - A most critical period. More emphasis was placed upon a serious game of golf, and the social aspects of the EGL dimmed. As the seventies drew to a close, the League passed a crucial stage with the admittance of the first women. Though the League gained in numbers, it also lost some senior members in the controversy.

1980's - The League faces the future; what club do we pull from the bag?

THE 30's

A CIRCLE OF FRIENDS

LEAGUE FOUNDER

1931

JOHN SCHONVELD

An historical summary appears periodically in the series of League annuals. The following is that section of the summary that pertains to the beginning years. Author: Jim Aldrich.

THE AC EFFICIENCY GOLF LEAGUE

ORIGIN and GROWTH

J. O. A.

Founded in 1931 by John Schonveld for the sole purpose of promoting good fellow-ship among its members.

Charter members were J. Schonveld, C. Simms, Ralph Cross, Meredith Spear, Alex Chisholm, Charles Fowler, Joe Carah and Warren Milner.

Golf apparently was not the sole diversion in the earlier years; as noted in the reproduction of the first league memorandum. Horse-shoes and fishing were also included as a part of the annual outing.

Even in those early years, John's ability to organize and promote was most evident. You will note that on Page 1 of the memorandum, he has already assigned all the work to others, leaving himself free to thoroughly enjoy the week end. Even the two typists were not forgotten.

As now, good humor and practical jokes were prevalent at the outings - fish are necessary for a fish dinner, so why would "Spike" Spear, hold up 2 beautiful black bass, for the occupants of the neighboring boat to see, then deliberately drop them back into the lake?

Property boundary line arguments are not unusual - John can probably explain how the group happened to be pitching horse-shoes on his neighbors property - we understand the discussion was brief but quite vigorous while it lasted.

How did the limburger cheese get on the steering wheel of Alex Chisholm's car? And who plugged up the chimney of the cottage, because they were refused admittance?

Over the years, the founder, charter members and those who followed, never lost sight of the leagues original purpose and it is a tribute to those men that so many of their contributions to the promotion and development of the league, formed the very foundation upon which we operate today.

Our founding fathers were a proper example to us all,
treating all matters with the essential levity. Note the following:

July 20, 1932

The yearly golf, horse shoe and fishing tournament will
be held by the members and ex-members of the Efficiency De-
partment at John Schonveld's cottage, location Byron Lake one
mile west Linden July 23rd and 24th.

Anyone wishing to come on the evening of the 22nd is
welcome with the understanding that there will be no meals
served on that date.

On the morning of the 23rd all will gather at the Long
Lake Golf Course where the fun will begin. 18 holes of golf
must be played with each person keeping his own score to
avoid the scores running too high. Rubber balls such as pur-
chased by Bill Milner at the Ten Cent Store are not to be used
unless Bill will furnish such balls free of charge to the other
golfers participating in these doings.

The Main Plant team will be Spear, Cross,
Simms, Schonveld.

Plant Four - Milner, Fowler, Carah,
Chisholm.

The penalty for losing the 1931 tournament by Plant
Four to the Main Plant will be as follows:

Joe Carah will carry Schonveld's clubs and
bags.

Chisholm will carry Simms clubs and bags.

Fowler being a married man will carry the
only club in Spear's possession.

Milner will carry the golf sticks and bags
of Cross.

(continued)

Cross will not be allowed to bring a hoe, although a rake to fish the golf balls out of the creek will be in order.

After the Main Plant team has defeated the Plant Four team a lunch will be had at the Long Lake Golf Club House, each man to pay for his own dinner.

After the dinner is over the horseshoe tournament will be held.

Rules and regulations shall be prepared by Milner and Spear.

In the case of disagreement regarding the rules, Ralph Cross will make the necessary decisions, and in all cases should favor the Main Plant.

The fishing tournament will start as soon as the horseshoe tournament is won by the Main Plant.

Rules of the fishing tournament.

All fish must be within the regular size.

No fishing allowed with bare hooks unless casting is done.

Fish as long as you want between four o'clock Saturday afternoon until nine Sunday morning.

The teams will segregate the various kinds of fish.

Blue Gills, Perch, Pike, Bass, Bullheads and Sun Fish.

Length of each kind of fish and quantity will determine the winner.

The losing team will clean all the fish.

WHAT TO BRING

Simms	Angle Worms	Large Size
Fowler	" "	Small Size
Carah	Crab Tails	Any Size
Cross	Grubs	
Spear	Crickets	
Schonveld	Minnows	
Chisholm	Frogs	Small size only
Milner	Two cases of beer	

The ladies, Marie and Margaret while they do not participate in the big doings, are to furnish enough eats for one meal. A chicken dinner on Sunday will be good enough, but in case the chickens are laying eggs, hamburgs will be alright.

THE COMMITTEE,

John Schonveld

THE 40's LEAGUE TAKES SHAPE

The historical summary continues...

In 1942, Clock Watchers Ball, a new event, was one of many expansion type projects, which indicated that the league was firmly established. This event has since been replaced by fall and spring dances.

The Millionaires Party, organized in 1948 was a partial answer to the need for obtaining some financial aid to lighten the annual outing expenses and to make available some funds for other league activities. It takes a well organized group to put this party on today, and the chairman with his various committees, must plan ahead carefully and employ creative thinking in order to maintain the high standard of excellence which our guests have learned to expect of this event. It is truly a "production" in every sense of the word, and when the auction starts at midnight, every "slave" member knows he has done an evenings work.

Our Constitution and Year Book was also established in 1948.

Opening golf night, once a sort of run-of-the-mill affair, has been elevated to the high level of the other league functions - with a gathering of the clan immediately after the game is over, at some local "pub" for food and other goodies for the inner man - this gathering serves also to acquaint the new members with the other players, many of whom they do not see too often in their regular round of work.

Guest Night, traditionally held at some Golf Club in mid-July came about as a result of the Millionaires Party. It was designed as a sort of "thank you" party for those who so faithfully support the Millionaires Party year after year. It has become a meeting place for many friends outside of the league, who come for golf, and dinner and spend a most enjoyable evening in visiting with old friends, and business associates.

The Annual Outing - The gala event of the year, is of course a carry-over from the founding days - this function which starts promptly at 5:00 p. m. on a designated Friday, usually the first or second Friday after Labor Day, climaxing a season of golf league activities. It is a week end which features the very best in golf, food, entertainment, good humor, and where many unexpected, unannounced and sometimes novel happenings occur. It is at this party that the current officers bow out, and a new group steps into and up to the responsibility of directing the affairs of the organization for the coming year.

THE 50's LEAPS AND BOUNDS

EFFICIENCY GOLFER'S SONG

(TUNE - "ROLL OUT THE BARREL")

WE'RE A BUNCH OF GOLFERS,
WE'VE PLAYED MANY A YEAR,
NO ONE CAN BEAT US;
WE PLAY THE BEST FULL OF BEER.
HOUGHTON LAKE IS LUCKY
TO HAVE SUCH A TALENTED GROUP,
WE PLAY THE OPPOSITION SPEECHLESS,
'TIL THEIR EYEBALLS DROOP.

EFFICIENCY'S THE WATCHWORD,
ON THAT YOU HAVE TO AGREE,
NO ONE CAN TOP US,
AT LEAST WHEN WE'RE OUT ON A SPREE.
WE SING AND DRINK TOGETHER
AFTER THE GOLF GAME IS DONE,
NOW'S THE TIME TO ROLL THE BARREL
AND WE'LL HAVE SOME FUN.

(AUTHOR - RALPH ESTES)

Composed in 1950.

Our historical summary proceeds with the '50's:

League champions and runner-ups have their moment of glory too, as this is a prize awarding event for them.

The Schonveld trophy established in 1955, for outstanding service to the league and the Achievement Award plaque (1959) are other coveted presentations. Prizes directly connected with the week end golf play are also distributed.

The inauguration of bus transportation, which was first tried out in 1956 has proven very popular. An added attraction in 1958 was the awarding a free ride to the occupant whose name was drawn at random, after the bus was under way, and who was then privileged to wear the "King of the Bus" crown for the remainder of the trip.

It is one of the all too infrequent times when we are privileged to have as participants other members, whose heavy responsibilities at AC prevents their regular appearance on the golf course and at other season events.

Outings have been held at Byron, Crystal Downs, Houghton Lake, Fenton (war-time version), Charlevoix and Grand Haven.

Months of preparation are necessary to properly stage this feature and it should be a source of great pride to those who handle each year's annual outing that the most frequently heard remark at its conclusion is "The Best One Yet".

Currently our League Roster shows 66 names representing a cross section of almost every activity carried on at AC. In addition past members have by transfer and promotion gone in to areas outside AC where further active participation in league functions is impossible for them. However they still retain a keen and lasting interest in the league and their inquiries and frequent guest appearances are highly valued.

We are grateful for the active help and sound advice contributed by those who are not at present working out of the Work Standards Department. Their interest is most important to the future well being of this organization.

The effort and loyalty of those who are in Work Standards, coupled with the outside help mentioned above, insures continued progress, for the AC Efficiency Golf League.

The 1958 and 1959 seasons were the height of the EGL tradition. No enterprise was too big...

...Peterson invited the entire League to the Atlas Country Club for the last night of match play in 1959.

...Ted Bennett designed the EGL logo in 1958.

...Al Laski took "A" Flight, Paul Hanson headed "B" Flight, and Ted Bennett conquered "C" Flight.

...1959 Outing was at Big Oak Motel, Houghton Lake, Michigan. Dinner was at Rex's Bar.

...April 11, 1959 saw the "Ball and Chain" Affair at the IMA Lodge. "Peterson showed all present how to do the right-foot-in-left-foot-out number." The EGL Ladies Auxiliary did all the work.

...The "College Homecoming" Fall dance was held at the IMA Lodge in November 1958. Bill Lamb provided the music. 26 couples enjoyed.

FOURTH PLACE

From the yearbook...

THE YEAR 1966 WAS A MEMORABLE YEAR FOR E. G. L. GOLF. LEAGUE MEMBERS ENJOYED FOURTEEN NIGHTS OF COMPETITION WITH THREE PARTY NIGHTS MIXED IN TO ENHANCE THE GOLF. OPENING NIGHT FESTIVITIES WERE HELD AT THE DAVISON COUNTRY CLUB AND JUDGING BY THE REACTION OF LEAGUE MEMBERS IN ATTENDANCE, THE CHANGE IN GOLF COURSES WAS A WELCOME ONE. REGULAR LEAGUE PLAY WAS OVER THE FAMILIAR BRICKYARD WITH FOUR FLIGHTS GOING RIGHT DOWN TO THE WIRE BEFORE CHAMPIONS WERE DETERMINED. THE PLAYOFF FOR THE LEAGUE CHAMPIONSHIP AND THE CLOSING NIGHT WAS HELD AT I.M.A. BROOKWOOD WHERE THE GOLF AND REFRESHMENT FACILITIES WERE APPRECIATED BY ALL PARTICIPATING LEAGUE MEMBERS.

THE 1966 E.G.L. CHAMPIONS WERE KEN CARLSON AND AL LASKI. RUNNER-UP HONORS WENT TO THE TEAM OF JIM ALLEN, JIM KARN, AND WALT MASON. THIRD PLACE WAS CLAIMED BY TED BENNETT AND JOHN VAUGHAN. FOURTH PLACE WINNERS WERE RALPH CROSS AND BOB PETERSON.

THE GOLF SEASON WAS A FINANCIAL SUCCESS AS WELL AND THE CONTRIBUTION MADE BY THE MILLIONAIRE'S SUMMER GOLF STAG WAS LARGELY RESPONSIBLE. THIS EVENT WAS HELD AT I.M.A. BROOKWOOD AND FOR THE FIRST TIME, IT WAS PRACTICALLY SELF SUPPORTING. CHAIRMAN JOHN RAINNEY AND ALL MEMBERS WORKING THE STAG DID AN OUTSTANDING JOB ON THE ANNUAL EVENT.

(1972 Yearbook Dedication)

When this document was nothing more than a concept, we had no idea that the EGL was so rich in tradition. We hope we have done it justice, with but a forgivable degree of inaccuracy.

It is unfortunate that the League has suffered the withdrawal of some of the more colorful members. The past has shown that each face, each personality, each individual brand of humor contributes immeasurably to the enjoyment of all.

Particular thanks is due to John Vaughan, whose endless files of EGL treasures (however unkempt) were essential to compiling this history. Thanks also to Doug Golla for his Saturday morning efforts.
